Message from University Health Service

To: All Eligible University Health Service Users

**Quadrivalent (4 in 1) Seasonal Influenza Vaccination 2018/19**

University Health Service recommends all University members to have annual seasonal influenza vaccination.

**Vaccine Composition:**
1. A/Michigan/45/2015 (H1N1)pdm09-like virus (2018/19)
2. A/ Singapore/INFIMH-16-0019/2016 (H3N2)-like virus
3. B/ Colorado/06/2017-like virus (B/Victoria/2/87 lineage)
4. B/Phuket/3073/2013-like virus (B/Yamagata/16/88 lineage)

It takes about 2 weeks after vaccination for the body to develop a sufficient level of antibodies.

**Schedule for Quadrivalent (4 in 1) Seasonal Influenza Vaccination 2018/19**
All eligible University members can have flu vaccination at UHS. Details as below:
