

Arrangement for the University Health Service (UHS)

beginning 24 August 2020

Further to the announcement made from the Task Force on Infectious Diseases on 21 August 2020 titled "Work Arrangements Beginning August 24, 2020", the UHS has made the following adjustments to its services and operations.

All UHS clinics will be open beginning 24 August 2020. In order to reduce the risk of the spread of COVID-19, non-urgent services in the medical clinic will be reduced. The Dental clinic will be open with reduced level of service, providing dental examination and emergency consultation services. Aerosol-generating procedures will be suspended until further notice. The Physiotherapy Clinic will also be open with adjusted level of service.

The UHS will continue to implement targeted measures to reduce social distance as well as measures for infection control while resuming more services.

The UHS will continue to dedicate fully to handle consultations and associated care related to the COVID-19 threat. It will continue to respond to requests and referrals from the campus residential community of students and visitors.

For COVID-19 matters, please contact the UHS at 3917 2514.

For appointment matters, please contact the following:

Medical appointments:	2549 4686
Dental appointments:	2859 2511
	2859 2512
Physiotherapy appointments:	3917 2509

Thank you.
